XIX International Congress of Hypnosis  
October 17<sup>th</sup> - 21<sup>st</sup> 2012  
Bremen

[www.hypnosis-congress.com](http://www.hypnosis-congress.com)

## Idea of the congress

This is the 19th International Hypnosis Congress of the International Hypnosis Society, which dates its inception from 1889, and which has taken place every three years since 1973. The congress brings together leading experts from all over the world who represent a wide range of hypnotic skills, theoretical orientations and research interests. Numerous renowned hypnosis experts have replied to our invitation and will contribute to the congress. The ISH congress offers a pleasant atmosphere for speakers and participants from all over the world to meet, to exchange ideas and learn from one another.

## Structure of the congress

The congress will offer a range of learning components with 3 hour and 1.5 hour workshops, lectures, panel discussions, symposia and keynote speeches. There will be many parallel events from which to choose what is most interesting for you and your work.

## Congress Languages

German and English

The keynote presentations will take place in the largest room of the Conference Center as well as the largest workshops. These events will have simultaneous translation (with headsets). All other presentations, in German or English, are without translation. It is possible that there will be a few workshops held in other languages (e.g. French) as we plan for a more international experience. Currently 15-20 parallel events in English and German are being planned.

## Program Highlights

Since the beginning of 2011, many of the leading hypnosis experts from all over the world have submitted their papers and workshop proposals for the Bremen Congress. Amongst these are specialists in the use of hypnosis and hypnotherapy in such diverse fields as psychotherapy, trauma therapy, medicine (anesthesia, cardiology, neurology, gynecology, general medicine, rehabilitation, pain), dentistry, mental training, voice and speech therapy, and neuropsychological research.

Currently, the call for papers is still open. The program and scientific committees will review submissions until the beginning of 2012 and will select the papers. As soon as the speakers have confirmed their participation and the program highlights are set, they will be published on [www.hypnosis-congress.com](http://www.hypnosis-congress.com). The first edition of the congress schedule is planned to be completed by April 2012.

Marketplace

Citizen Park of Bremen

## Cultural Program

At this writing we have confirmation of some famous artists for a humorous and entertaining cultural program. On Saturday there will be a congress party. On Friday evening, directly in front of our congress Center "The Freimarkt of Bremen" will take place. This is the largest feast of the North, an almost 1000 year old tradition, which predates the Oktoberfest by several hundred years.

## International Society of Hypnosis

The International Society of Hypnosis ISH comprises about 40 member associations from all continents all over the world. At the same time the leading hypnotherapists and -researchers are organized as single members in this society. The ISH publishes scientific magazines (JCEH), a newsletter and bestows five awards every three years in line with the international congresses.

## Congress Center and Bremen

Congress Center

Bremen, the port city on the Weser River, looks back on over 1200 years of history. It is located in the north of Germany. The Congress Center of Bremen is located in the heart of the city, only a 100 meters from the main train station and easily accessible by all means of transportation. The magnificent Citizen Park of Bremen is within a 5 minutes walk and offers the opportunity to spend the lunch break in a lush green environment.

## The "Bremen Town Musicians"

The Bremen Town Musicians

This universally known fairy tale of the Brothers Grimm tells the story of cock, cat, dog and donkey. Their owners think they are too old and therefore want to kill them. The animals manage to escape and by chance meet afterwards. They follow the donkey's proposition to become town musicians in Bremen and set out for Bremen. Finally, in conjoint "utilization" of their resources and strengths, they manage to seize the house of a band of robbers and decide to stay there. Contrary to the Bremen Town Musicians, the international hypnosis-world is planning to actually reach Bremen and unfold their skills, resources and combined creativity there. The hosts strive to "rock" the congress in every single way granting an ideal basis to unfold the collective creative potential.

## Terms and Conditions

In agreement with the Code of Ethics of ISH, I declare to abide by the following: Members should at all times remain aware of their signed undertaking to use hypnosis only for those purposes for which they are professionally qualified and within the strict limitations of their professional work. This implies that those members who use hypnosis for some clinical or therapeutic purpose should have undertaken, or be undertaking, a professional qualification in that therapy recognised by the Health Service, Social Services or Department of Education of their country. Members should only use hypnosis in their work if, and as far as, this is compatible with the rules of their professional association and the terms of reference of their work. They should restrict their use of hypnosis to those problems for which they would be recognized as qualified to undertake within the Health Service, Social Services or Department of Education of their country. In registering for this congress I agree to abide by this code. Furthermore I declare to attend the congress in my own responsibility. Cancellations only can be sent in writing. For cancellations till September 5th 2012 we charge a cancellation fee of € 30. After that date no refunds are made. If the registration payment is not made in due time according to the price dates for each deadline, the responsive price valid at the time of payment has to be paid. If there are cancellations of parts or the whole congress due to unpredictable circumstances like weather, volcano eruptions in Iceland, strikes or other political problems the organizers cannot be made responsible. Your registration is confirmed by your reception of the invoice for the congress.
